That's the answer to the million dollar question: Can appliances really be stylish? Of course they can. And they should be. Your home is a reflection of your personality and your preferences, so why stop at framed photos and wall paint? We say enhance it all. So we did. Our refrigerators pop with color.

Our cooking appliances intensify your flair for flavor. Ultimately, we believe style should be shared. That's why Amana brand lines up good style with your budget. It's not about being elite and fancy. It is, however, about being you.

It's time to eat. From afternoon snacks to supper with friends, our selection of ranges is a sure-fire crowd pleaser. You'll find settings and options that suit your cooking style—all in a stylish package that suits your kitchen, too. "FEAST
YOUR EYES
ON THIS"

EXTRA-LARGE OVEN WINDOW

Feast your eyes on this. An extra-large window helps you keep track of dinner without having to open the door.

GLASS-CERAMIC SPILLSAVER™ COOKTOP

A splash here, a spill there—sometimes you just can't avoid a little mess. With raised edges, this cooktop makes sure it isn't impossible to clean up.

EASY TOUCH OVEN CONTROLS

It's touch and go, but that's a good thing when it comes to Amana® ranges. These easy-to-use electronic oven controls make it a snap to set the time and temperature.

CONTINUOUS GAS GRATES

We've got it covered. An additional grate fits between the burner grates, creating a continuous surface and providing a place for hot pots to rest.

CONVECTION COOKING

This thing cooks like a '65 Mustang...but smells much better. The convection fan circulates air inside the oven, evenly baking your food in less time than a standard oven.

**Is space hard to come by in your kitchen?
Do you live in an apartment or loft that
can't quite accommodate a full-size range?**

We've got the solution. Amana brand features two 20" ranges—one gas and one electric—that easily fit your needs. At 2.6 cu. ft., it's the largest capacity you'll find in a 20" range. Plus, broilers, elements and burners are flexible enough to heat your favorites.

HIDDEN VENT

Betcha can't find the vent. We keep it hidden for performance that's sleek and stylish. A charcoal filter reduces unwanted odors for a kitchen that smells as it should—absolutely delicious.

Do you run a 100-yard dash whenever you're cooking a meal? Would it be easier to make dinner if your microwave and range were closer?

Give yourself, and your countertop, a breather. Amana® over-the-range microwaves streamline kitchen space. Put it above your range to create a Clever Combo cooking center, keeping your cooking activity in one convenient spot.

Pizza perfected.

Forgo delivery and do it yourself! Making your own pizza is food freedom at its finest. So easy—and so delicious. Start with a store-bought crust and define the rest with your taste buds. The following recipe is just the beginning. We strongly encourage you to personalize it, then share the results or savor it all for yourself.

Ingredients:

- * Store-bought pizza dough, enough for one crust
- * 3 Cloves of garlic, minced
- * 1 Jar of your favorite pasta sauce
- * 1 Medium tomato, thinly sliced
- * Italian seasoning
- * 1 8-oz Ball of fresh mozzarella cheese, thinly sliced
- * Small handful of fresh basil leaves

Instructions:

1. Preheat the oven according to the instructions on the store-bought pizza dough packaging. Some crusts come ready for the toppings, others require a bit of pre-baking. Proceed accordingly.
2. When the crust is ready, start with the garlic. Sprinkle and spread.
3. Next, spread the sauce about the crust. More, less...it's up to you.
4. Add tomato slices. Sprinkle with the Italian seasoning.
5. Top with fresh mozzarella slices. Don't be shy.
6. Bake your creation according to the instructions on the store-bought pizza dough packaging.
7. Garnish with fresh basil leaves. Enjoy.
